

LINEMUP PRO™

Line-M-up Pro™ Ball Alignment System

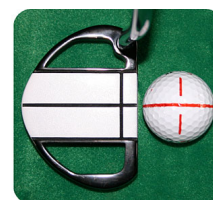

With Sharpie MINI® pen attached. New alignment options allow you to mark your ball over 6 different ways! Used as a playing or training aid by giving you a visual guide to help line up all your shots. Used widely on the PGA Tour!

Conforms to USGA rules and is legal to use in competition.

*Tested and approved by
PGA Tour Partners Members*

- **Line up putts** - Professional golfers line up their putts, so that they can concentrate on length.
- **Line up tee shots** - For more accurate tee shots, use the line to point you in the right direction.
- **Practice putting** - When a good stroke is made, the line on the ball will roll straight; struck poorly, the line will appear to wobble as it rolls.
- **Identify your ball** - Under the rules of golf, you are required to identify your ball with a mark.

Colors: Black, Navy, Orange, or Green

MSRP: \$9.50
